SUMMARY

Full Stack Developer with over three years of experience building scalable MERN stack applications. Frontend-focused, with a proven record of shipping production-grade features for platforms with over 700,000 users. Specialized in delivering responsive, accessible web apps using React, Next.js, and TypeScript. Skilled in Agile workflows, CI/CD, and performance optimization through SSR/SSG and major platform migrations.

PROFESSIONAL EXPERIENCE

Full Stack Developer (remote) | Zendy

July 2022 – June 2025

- Engineered core UI features for the ZAIA research chatbot, including conversation and PDF analysis history, enhancing user interaction and engagement for a seamless platform experience.
- Spearheaded the platform migration from React to Next.js 13 with TypeScript and Tailwind CSS, implementing best practices for routing, layouts, and performance optimization.
- Constructed 15+ complex UI pages using Next.js, React, and Tailwind, leveraging Server-Side Rendering (SSR) and Static Site Generation (SSG) to boost SEO and performance.
- Architected and maintained responsive, high-performance user interfaces for a global platform with over 700,000 users, ensuring cross-browser compatibility and accessibility standards.
- Resolved over 170 frontend tickets in an Agile environment using Jira and GitHub, collaborating closely with product, quality assurance, and design teams to refine features.

Freelance Web Developer (remote) | Self-employed

August 2020 – July 2022

- Designed and deployed over five responsive, client-facing landing pages using React, successfully translating diverse business requirements into functional and visually appealing web presences.
- Developed and integrated secure RESTful APIs using Node.js, Express, and MongoDB, enabling dynamic content delivery and robust data management for various client projects.
- Partnered directly with clients and UI/UX designers, translating Figma mockups into pixel-perfect, interactive frontends that precisely matched design specifications and user expectations.

EDUCATION

Bachelor of Science in Computer Science | Lebanese University – Tripoli, Lebanon

July 2024
